

Outdoor Modular Tanks

Tunetanken outdoor Modular Tanks for storage of dry or liquid media are customised to meet the requirements of your operating conditions. Outdoor Modular Tanks are delivered in modules that can be assembled and mounted at the location.

Tunetanken Modular Tanks can be delivered with a broad range of equipment f.e., studs, valves and fittings, explosion vents, ventilation systems, filling and discharge systems, manholes, filling detector etc.

Our Modular Tanks are manufactured in fiber-reinforced composite material, which has unique properties like chemical resistance, korrosion resistance, thermal and electric insulation, high level of hygiene and strength.

Fordele

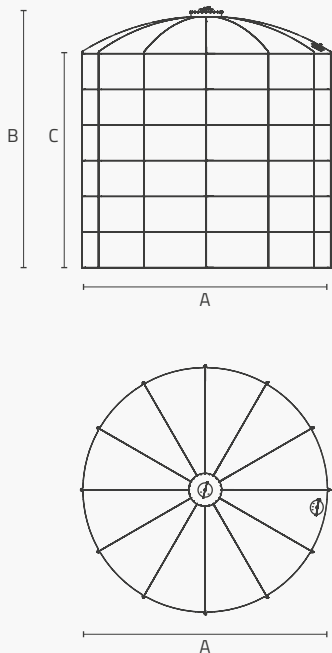

- > Flexible modular system with broad applicability.
- > Large standard programme, sizes from 340 m³-12,500 m³.
- > Laminated, watertight and strong construction.
- > Produced in fiber-reinforced composite material with unique properties like corrosion resistance, chemical resistance and insulation.
- > Large selection of extra equipment.
- > Rust-free, fully moulded and insulating.
- > Available in all colours from RAL colour card.

Illustration	Type	Volume		Dimensions		
		Volume	Content ¹⁾	Diameter (A)	Total height (B)	Side height (C)
	TTMT 9.3	339 m ³	237 t	Ø 9,000	6,543	4,767
